Can you shoot me an update and some talking points for me to provide sr staff? David, can you get me a paragraph on the facility? Seems like there are some odd features, it pipes to a cavern onshore which discharges to State waters but the facility also discharges to federal waters hence the joint permit?

Thanks everybody.

Ben – pls provide a mini briefing on this matter at this Tues 9am weekly meet, particularly as Div of Water raised/asked at weekly meet yesterday.

David, Stacey and I will just be telling LOOP what they need to do for the cross-cutters based on our meetings with USFWS and NOAA last week. We are not really going to talk about the permit proper. David and Stacey will be in the Red River conference room at 1:30.

Tina,

Could you please provide me with the info for the call this afternoon (when, where, any background documents)? I don't have anything on it.

Thanks.

Here is the final letter. David, Stacey and I will be on a call with LOOP this afternoon re: NEPA and ESA requirements for the NPDES permit. Bruce is still working with the air program and LOOP attorneys on the air permitting side.

Jim,

These draft documents are the latest I have received (I didn't have any further comments on the draft LOOP letter). I have not seen any briefing sheets yet.

David

All,

Attached is a copy of the draft letter to LOOP and the revised Air Issue Briefing. Air and Water edits have been included with the attached version. ORC, if you have

any additional comments or concerns, please advise.

Thanks, Melanie
